ST-AHLER

ST-ahler aims to spread joy through creating spacy and floating disco soundscapes. Moving from Singapore to Berlin in 2014 "cosmos-politan" ST-ahler discovered the decks in an escalated night of spaceships and zero gravity.

Shortly after he started playing DJ sets at intimate events, house parties and various smaller venues, trying to make hoofers hover.

His melodic house sets are appreciated for their danceable, yet wobbly and deep sounds infused with tasteful influences from the lively 80s to solid indie dance tunes, covering wide electronic frequency terrains.

ST-AHLER

Always with a self ironic smirk, ST-ahler focuses his energy on simply having a great time with music and friends balancing his way too serious fulltime job.

"Music is my outer space where I am not taking myself seriously and can be the loopy kid with its head in the sky, I sometimes forget to be in our fast paced world."

Since 2018, Sascha is producing music under his artist name ST-ahler and released seven tracks until today ranging from deep house to disco. Behind the decks or in the studio it is his mission looking out for the next surprise to move crowds a little closer towards zero gravity.

DJ Sets (ST-AR)

Lost Art Festival 2021 Berlin

ST-RO

Through sharing the same musical taste and interstellar sonic vision Sascha (ST) also started playing DJ sets together with his former flatmates David (RO) and Martin (AR) in 2015.

Together the three “cosmos-politans” founded an interwoven DJ triangle, appearing as ST-RO and ST-AR respectively. The crew is on a mission to constantly dig deeper into spacial sound atmospheres and dancefloor vibes.

TECH RIDER

FOR DJ Sets (min. 90 mins):

- 1x Mixer Pioneer DJM 800/900 or Allen&Heath Xone 92 with at least one free line input (XLR balanced or Cinch unbalanced)
- Optional: 2x Pioneer CDJ 2000NXS2O or comparable
- 1x Stereo monitors adjustable from DJ mixer
- 5x power jacks (European wall socket) / 220v
- Solid table with enough space (min. 90x150x100, height x width x depth in cm) for Traktor controller (S8/S5) and laptop, provided by artist

The artists system will be plugged directly in the DJ Mixer, so keep in mind to have at least one channel unused.
